**FROM:**

Mr. Stewart Bruner, AOC ITD Strategic Planning Manager

**SUMMARY:**

The Arizona Code of Judicial Administration specifies that COT reviews and approves countywide and appellate courts' information technology strategic plans.

Stewart will briefly summarize the process changes related to updates to Information Technology Strategic Plans for FY2012-2014, following revised direction received at the November COT meeting. Full plan updates submitted by nine counties appear on the Strategic Planning website at <http://www.azcourts.gov/cot/StrategicPlans.aspx> in draft form and are not provided in members' packets due to length. Summaries of the plans were posted on the meeting materials page for members to review. Stewart will present an analysis of overall technology trends gleaned from the plans submitted as well as key accomplishments and initiatives for each county highlighted with any issues for discussion.

Presiding judges will be notified of COT's decision and any concerns in writing following the meeting.

**STAFF RECOMMENDATION:**

Staff recommends approval of the submitted IT strategic plans for Cochise, Graham, Greenlee, La Paz, Maricopa, Mohave, Navajo, Pima, and Yuma courts. Staff also recommends continuation of the bi-annual frequency of updates for rural counties with annual updates for metropolitan counties.
